RHIIP Listserv Posting # 219 - REVISED

April 27, 2010

Welcome to the MULTIFAMILY HOUSING RENTAL HOUSING INTEGRITY IMPROVEMENT PROJECT (RHIIP) LISTSERV that brings you up-to-date RHIIP related publications, news, information and occupancy tips in an effort to help reduce errors in rent determinations and subsidy calculations.

### EIV System Remains Unavailable

We have been advised by HUD's Real Estate Assessment Center (REAC) that the EIV system remains unavailable. Although access to the system may be obtained, the data found in the system may not be accurate. As soon as the system becomes fully functional, we will send out a message. Until the system becomes fully functional, O/As should perform third party verifications as done previous to the implementation of EIV. Please document the tenant files that have been affected by this outage. An example of acceptable documentation would be to include a copy of this RHIIP Listserv message in the tenant file. We again apologize for this inconvenience.
